## INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of the City Council  
City of El Reno, Oklahoma

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of El Reno, Oklahoma (the "City"), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information and pension plan and other post-employment benefit information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The other supplementary information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The other supplementary information, as listed in the table of contents, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Other Reporting Required by Government Auditing Standards**

In accordance with Government Auditing Standards, we have also issued our report dated December 22, 2020 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City's internal control over financial reporting and compliance.

**MANAGEMENT DISCUSSION AND ANALYSIS**

**CITY OF EL RENO, OKLAHOMA  
ANNUAL FINANCIAL REPORT  
As of and for the Year Ended June 30, 2020**

---

Our discussion and analysis of the City of El Reno's financial performance provides an overview of the City's financial activities for the fiscal year ended June 30, 2020. Please read it in conjunction with the City's financial statements, which follow this section.

***FINANCIAL HIGHLIGHTS***

- For the fiscal year ended June 30, 2020, the City's total net position increased by \$656,829 or 1% from the prior year.
- During the year, the City's expenses for governmental activities were \$19 million and were funded by program revenues of \$3.2 million and further funded with taxes and other general revenues that totaled \$14 million.
- In the City's business-type activities, such as utilities, hospital, airport, park and golf programs, expenses exceeded revenues excluding transfers by a total of (\$2,116,336).
- Sales and use taxes decreased by approximately (\$9.7) million or 41% over the prior fiscal year.
- At June 30, 2020, the General Fund reported an unassigned fund balance of \$4.7 million, which is a decrease of \$4.5 million or 49% from the prior year.
- For budgetary reporting purposes, the General Fund reported revenues over estimates of \$2.2 million or 12%, while expenditures were under the final appropriations by approximately \$3.4 million or 13%.

***OVERVIEW OF THE FINANCIAL STATEMENTS***

The financial statements presented herein include all of the activities of the City of El Reno (the "City") and its component units using the integrated approach as prescribed by GASB Statements No. 14, 34, and 39 and 61. Included in this report are governmental-wide statements for each of two categories of activities – governmental and business-type. The government-wide financial statements present the complete financial picture of the City from the economic resources measurement focus using the accrual basis of accounting. They present governmental activities and business-type activities separately and combined. These statements include all assets of the City (including infrastructure capital assets) and deferred outflows, as well as all liabilities (including all long-term debt) and deferred inflows.

**About the City**

The City of El Reno is a municipality with a population of approximately 16,749 located in central Oklahoma. The City is a Council-Manager form of government that provides for three branches of government:

- Legislative – the City Council is the governing body elected by the citizens
- Executive – the City Manager is the Chief Executive Officer and is appointed by the City Council
- Judicial – the Municipal Judge is a practicing attorney appointed by the City Manager

The City provides typical municipal services such as public safety, street maintenance, culture, parks and recreation, airport, and certain utility services including water, wastewater, and sanitation.

***The City's Financial Reporting Entity***

This annual report includes all activities for which the City of El Reno City Council is fiscally responsible. These activities, defined as the City's financial reporting entity, are operated within separate legal entities that make up the primary government.

The City's financial reporting entity includes the primary government (City of El Reno), four blended component units and one discretely presented component unit (currently inactive) as follows:

- **The City of El Reno** – that operates the public safety, streets, culture, parks and recreation, and administrative activities
- **The El Reno Municipal Trust Authority** – that operates the water, sewer, and sanitation services of the City (blended component unit)
- **The City of El Reno Hospital Authority** – that operates the hospital which serves the citizens of El Reno and the surrounding communities (blended component unit)
- **The El Reno Airpark Authority** – that operates the local non-commercial airport activities (blended component unit)
- **The El Reno Recreation Authority** – that was established to construct and operate the municipal golf course and now includes some of park and recreation activities (blended component unit)
- **The El Reno Economic Development Authority** – that promotes and subsidizes efforts to create economic development within the City (discretely presented component unit), currently inactive.

**Using This Annual Report**

This annual report is presented in a format that substantially meets the presentation requirements of the Governmental Accounting Standards Board (GASB) in accordance with generally accepted accounting principles. The presentation includes financial statements that communicate the City's financial condition and changes therein in accordance with generally accepted accounting principles at two distinct levels:

- **The City as a Whole** (a government-wide presentation)
- **The City's Funds** (a presentation of the City's major and aggregate non-major funds)

**Reporting the City as a Whole**

**The Statement of Net Position and the Statement of Activities**

One of the most frequently asked questions about the City's finances is, "Has the City's overall financial condition improved, declined or remained steady over the past year?" The Statement of Net Position and the Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include all assets, deferred outflows, liabilities and deferred inflows using the accrual basis of accounting. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

(Unaudited. See accompanying auditor's report.)

**CITY OF EL RENO, OKLAHOMA**  
**ANNUAL FINANCIAL REPORT**  
**As of and for the Year Ended June 30, 2020**

---

These two government-wide statements report the City's net position and changes in it from the prior year. You can think of the City's net position – the difference between assets, deferred outflows, liabilities and deferred inflows – as one way to measure the City's financial condition, or position. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving, deteriorating, or remaining steady. However, you must consider other nonfinancial factors, such as changes in the City's tax base, the condition of the City's roads, and the quality of services to assess the overall health and performance of the City.

As mentioned above, in the Statement of Net Position and the Statement of Activities, we divide the City into three kinds of activities:

- Governmental activities – Most of the City's basic services are reported here, including the police, fire, general administration, streets, and parks. Sales taxes, franchise fees, fines, and state and federal grants finance most of these activities.
- Business-type activities – The City charges a fee to customers to help cover all or most of the cost of certain services it provides. The City's water, wastewater, sanitation, hospital, airpark and recreation activities are reported here.
- Discretely-presented component unit – This accounts for activities of the City's reporting entity that does not meet the criteria for blending, specifically the El Reno Economic Development Authority, when active.

**Reporting the City's Most Significant Funds - Fund Financial Statements**

The fund financial statements provide detailed information about the most significant funds – not the City as a whole. Some funds are required to be established by State law and by bond covenants. However, management establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants and other money.

*Governmental funds* – Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic service it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The differences of results in the Governmental Fund financial statements to those in the Government-Wide financial statements are explained in a reconciliation following each Governmental Fund financial statement.

(Unaudited. See accompanying auditor's report.)

**ANNUAL FINANCIAL REPORT**  
**As of and for the Year Ended June 30, 2020**

---

*Proprietary funds* – When the City charges customers for the services it provides – whether to outside customers or to other units of the City – these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position, the Statement of Revenues, Expenses and Changes in Fund Net Position and Statement of Cash Flows. In fact, the City’s enterprise funds are essentially the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows.

*Fiduciary funds* – When the City is responsible for assets that – because of a trust arrangement or other fiduciary requirement – can be used only for trust beneficiaries or others parties, these activities are reported as fiduciary funds, such as the Employee Retirement Trust Fund. The City is responsible for ensuring that the assets reported in these funds are used for their intended purpose. All of the City’s fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. We exclude these activities from the City’s government-wide financial statements because the City cannot use these assets to finance operations.

## **A FINANCIAL ANALYSIS OF THE CITY AS A WHOLE**

### **Net Position**

As noted earlier, net position may serve over time as a useful indicator of a government’s financial position. In the case of the primary government, assets and deferred outflows exceeded liabilities and deferred inflows by approximately \$78 million at the close of the most recent fiscal year.

The largest portion of the City’s net position reflects its net investment in capital assets (e.g., land, buildings, machinery, and equipment). For 2020, this net investment in capital assets amounted to \$48.9 million. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City’s investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

**CITY OF EL RENO, OKLAHOMA**  
**ANNUAL FINANCIAL REPORT**  
**As of and for the Year Ended June 30, 2020**

The increase/decrease in deferred outflows, deferred inflows and other liabilities relates mostly to differences in actual investment earnings versus projected investment earnings in all three defined benefit retirement plans.

The decrease in other non-current assets for governmental activities is due to the City receiving the forfeiture money that was recorded as a net pension asset in the prior year. This was held in the Cities fiduciary fund which is the Pension Trust Fund.

The decrease in governmental activities net position is due to a decrease in sales tax from the prior year. The City had a decrease of approximately \$9.7 million. This is also the reason for the decrease in net position and the current assets for the governmental activities.

The increase in royalty revenue for governmental and business-type activities of approximately \$1.4 million is because the amount of mineral payments received by the airport, lake and cemetery were higher in the current year.

**CITY OF EL RENO, OKLAHOMA**  
**ANNUAL FINANCIAL REPORT**  
**As of and for the Year Ended June 30, 2020**

---

Sales tax revenue decreased by approximately (\$9.7) million dollars in the current year. This is due to the decrease in the oil and gas industry in the City limits.

Miscellaneous revenue had an increase in Governmental and Business-type activities due to receiving the forfeiture money that was held in the Pension Trust Fund, a Fiduciary Fund of the City.

The hospital had a decrease in revenue due to the settlement they received in the prior year from Mercy Hospital. This also contributes to the net expense shown now.

### **Governmental Activities**

To aid in the understanding of the statement of activities some additional explanation is given. Of particular interest is the format that is significantly different than a typical statement of revenues, expenses, and changes in fund balance. You will notice that expenses are listed in the first column with revenues from that particular program reported to the right. The result is a net (expense)/revenue. The reason for this kind of format is to highlight the relative financial burden of each of the functions on the City's taxpayers. It also identifies how much each function draws from the general revenues or if it is self-financing through fees and grants or contributions. All other governmental revenues are reported as general. It is important to note all taxes are classified as general revenue even if restricted for a specific purpose.

**CITY OF EL RENO, OKLAHOMA  
ANNUAL FINANCIAL REPORT  
As of and for the Year Ended June 30, 2020**

---

The City's business-type activities include utility services for water, wastewater, and sanitation. It also includes the Hospital Authority, Airpark Authority and Recreation Authority which now includes the park department.

In reviewing the business-type activities net (expense)/revenue, the following highlights should be noted:

- Total business-type activities reported net expense excluding transfers of (\$2.1) million for the year ended June 30, 2020.
- Water and sanitation activities reported net revenue for the year ended June 30, 2020, and the wastewater, golf, park, airport and hospital activities reported net expense.

#### **A FINANCIAL ANALYSIS OF THE CITY'S FUNDS**

As the City completed its 2020 fiscal year, the governmental funds reported a combined fund balance of \$16 million or a 26% decrease from the prior year. The enterprise funds reported combined net position of \$47.1 million or a 6% increase from 2019.

Other fund highlights include:

- For the year ended June 30, 2020, the General Fund total fund balance decreased by \$4.5 million or 25% due to the decrease in sales tax as noted on the previous page.

#### **General Fund Budgetary Highlights**

Over the course of the year, the City Council revised the General Fund budget various times. The revised budget included an increase in overall revenue projections of .34% or \$61,400 and an increase in appropriations of 15% or \$3.5 million. Actual revenues were under estimates by \$2.2 million or 12%, while expenditures were under final appropriations by \$3.4 million or 13%.

#### **CAPITAL ASSET AND DEBT ADMINISTRATION**

##### **Capital Assets**

At the end of June 30, 2020, the City had approximately \$91.4 million invested in capital assets, net of depreciation, including police and fire equipment, buildings, park facilities, streets, water lines, sewer lines and the hospital assets. (See Table 5).

**Reconciliation of Governmental Funds and Government-Wide Financial Statements:**

**Fund Balance - Net Position Reconciliation:** \$ 15,753,487

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not current financial resources and therefore are not reported in the funds, net of accumulated depreciation of \$26,704,242

38,932,512

Certain long-term assets are not available to pay current fund liabilities and therefore they, along with deferred outflows, are either deferred or not reported in the funds:

|  |           |
|--|-----------|
| OPEB related deferred outflows                       | 95,017    |
| Net pension asset                                    | 42,594    |
| Pension related deferred outflows                    | 3,824,732 |
| Deferred outflow related to long-term debt refunding | 641,416   |
| Deferred revenue related to availability             | 829,886   |

Internal service funds are used by management to charge costs of certain activities that benefit multiple funds, such as self-insurance costs, to individual funds. The assets and liabilities of these internal service funds are reported in the governmental activities of the Statement of Net Position:

|                                      |         |
|--------------------------------------|---------|
| Internal service funds' net position | 143,295 |
|--------------------------------------|---------|

Certain long-term liabilities are not due and payable from current financial resources and therefore they, along with deferred inflows, are not reported in the funds:

|                                  |              |
|----------------------------------|--------------|
| Net pension liability            | (8,181,769)  |
| Total OPEB liability             | (1,343,871)  |
| Pension related deferred inflows | (1,565,387)  |
| Accrued interest payable         | (216,638)    |
| Capital lease obligation         | (296,210)    |
| OPEB related deferred inflows    | (214,688)    |
| Revenue bond obligations         | (16,065,450) |
| Accrued compensated absences     | (1,702,867)  |

**Changes in Fund Balance - Changes in Net Position Reconciliation:** \$ (5,519,733)

Amounts reported for Governmental Activities in the Statement of Activities are different because:

Governmental funds report outlays for capital assets as expenditures while governmental activities report depreciation and amortization expense to allocate those expenditures over the life of the assets:

|   |                    |
|---|--------------------|
| Capital asset purchases capitalized           | 5,518,579          |
| Capital assets transferred to Enterprise Fund | (1,533)            |
| Book value of disposed capital assets         | (7,574)            |
| Depreciation expense                          | <u>(2,784,786)</u> |
|   | <u>2,724,686</u>   |

In the Statement of Activities, the net cost of pension benefits earned is calculated and reported as pension expense. The fund financial statements report pension contributions as pension expenditures. This amount represents the difference between pension contributions and calculated pension expense.

(839,930)

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds:

|                            |        |
|----------------------------|--------|
| Change in deferred revenue | 63,301 |
|----------------------------|--------|

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position:

|   |                  |
|---|------------------|
| Principal payment on capital lease obligation | 155,034          |
| Principal payment on bonds payable obligation | 2,062,350        |
| Amortization of deferred amount on refunding  | (69,972)         |
| Proceeds from sale of property                | <u>(451,244)</u> |
|   | <u>1,696,168</u> |

Some expenses reported in the Statement of Activities do not require the use of current financial resources and these are not reported as expenditures in governmental funds:

|  |                  |
|--|------------------|
| Change in accrued interest payable     | (5,409)          |
| Change in Total OPEB liability         | (49,364)         |
| Change in accrued compensated absences | (72,500)         |
|  | <u>(127,273)</u> |

Internal service fund activity is reported as a proprietary fund in the fund financial statements, but certain net revenues are reported in governmental activities on the Statement of Activities

|   |       |
|---|-------|
| Change in net position for internal service funds | 7,615 |
|---|-------|

|   |                       |
|---|-----------------------|
| Change in net position of governmental activities | <u>\$ (1,995,166)</u> |
|---|-----------------------|

**FOOTNOTES TO THE BASIC FINANCIAL STATEMENTS**

**CITY OF EL RENO, OKLAHOMA  
ANNUAL FINANCIAL REPORT  
As of and for the Year Ended June 30, 2020**

---

**Footnotes to the Basic Financial Statements:**

**1. Financial Reporting Entity**

The City's financial reporting entity includes the primary government (City of El Reno), four blended component units, and one discretely presented component unit (when active) as noted below. This annual report includes all activities for which the City of El Reno City Council/Manager is fiscally responsible.

In determining the financial reporting entity, the City complies with the provisions of Governmental Accounting Standards Board Statement No. 14, "The Financial Reporting Entity", as amended by Statement 61 and includes all component units for which the City is financially accountable.

**The City of El Reno** – that provides the public safety, health and welfare, streets and highways, parks and recreation, and administrative activities.

The City of El Reno has a population of approximately 16,749 located in central Oklahoma. The City is a Council/Manager form of government that provides for three branches of government:

- Legislative – the City Council is the governing body elected by the citizens
- Executive – the City Manager is the Chief Executive Officer and is appointed by the City Council
- Judicial – the Municipal Judge is a practicing attorney appointed by the City Manager

The City provides typical municipal services such as public safety, street maintenance, culture, parks and recreation, airport, and certain utility services including water, wastewater, and sanitation.

**Blended Component Units:**

**The El Reno Municipal Trust Authority** – that operates the water, sewer, and sanitation services of the City – City Council serves as Authority trustees.

**The City of El Reno Hospital Authority** – that operates the hospital which serves the citizens of El Reno and the surrounding communities. City Council serves as Authority trustees.

**The El Reno Airpark Authority** – that operates the local non-commercial airport activities. City Council serves as Authority trustees.

**The El Reno Recreation Authority** – that was established to stimulate economic growth and development through the promotion, financing and development of recreational, sports, cultural, tourism and entertainment projects and facilities. City Council serves as Authority trustees.

**Discretely Presented Component Unit:**

**The El Reno Economic Development Authority** – that promotes and subsidizes efforts to create economic development within the City. City Council appoints trustees. There is currently no financial activity for this trust.

Each of these component units are Public Trusts established pursuant to Title 60 of Oklahoma State law. Public Trusts (Authorities) have no taxing power. The Authorities are generally created to finance City services through issuance of revenue bonds or other non-general obligation debt and to enable the City

Council to delegate certain functions to the governing body (Trustees) of the Authority. The Authorities generally retain title to assets which are acquired or constructed with Authority debt or other Authority generated resources. In addition, the City has leased certain existing assets at the creation for the Authorities to the Trustees on a long-term basis. The City, as beneficiary of the Public Trusts, receives title to any residual assets when a Public Trust is dissolved.

## **2. Basis of Presentation and Accounting**

### *Government-Wide Financial Statements:*

The statements of net position and activities are reported on the accrual basis of accounting and economic resources measurement focus. Under the accrual basis of accounting, revenues are recognized when earned and expenses (including depreciation and amortization) are recorded when the liability is incurred or economic asset used.

Program revenues in the Statement of Activities, are revenues that are derived directly from each activity or from parties outside of the City's taxpayers. The City has the following program revenues in each activity:

- Public Safety – Fire, Police, Ambulance – fines and forfeitures, restricted operating grants, and restricted capital grants
- Streets – Commercial vehicle and gasoline excise tax shared by the State and other restricted operating grants.
- Culture, parks, and recreation – cemetery revenues, pool fees, operating and capital grants
- General Government – license and permits, plat and abatement fees, demolition fees, and restricted operating grants
- Water – water service charges
- Wastewater – wastewater service charges
- Sanitation – sanitation service charges
- Golf – golf course fees, restaurant services fees
- Parks – park rental revenue and permits
- Airport – hangar rental income, fuel sales, and royalties
- Hospital – rental income

All other governmental revenues are reported as general. All taxes are classified as general revenue even if restricted for a specific purpose.

The funds of the financial reporting entity are described below.

### *Governmental Funds:*

The City's governmental funds include:

**CITY OF EL RENO, OKLAHOMA**  
**ANNUAL FINANCIAL REPORT**  
**As of and for the Year Ended June 30, 2020**

---

Major Funds:

- General Fund – accounts for all activities not accounted for in other special-purpose funds. For financial statement reporting purposes the General Fund contains the following combining accounts:
  - Gift and Contribution Account (previously Park Improvement Account)
  - Sales Tax ¼ cent Account
  - Cemetery Everlasting Care Account
  - Emergency Reserve Account
  - Tornado Relief Fund

Aggregated Non-Major Funds (reported as Other Governmental Funds):

Special Revenue Funds:

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

- Police Fund (Previously 911 Emergency Fund) – accounts for the following restricted revenues for public safety: 911 admin fee, police forfeitures, juvenile fee, drug and alcohol fees, impound fee, and any miscellaneous restricted fees.
- CDGB Fund – accounts for CDGB grant activity.
- Hotel Motel Occupancy Surcharge Fund – accounts for the Hotel/Motel tax collections and related expenditures; this was removed from the General Fund after the January 2008 election which restricts these funds to 40% for tourism and 60% for capital.
- Safety Sales Tax ¼ Cent Fund – accounts for the New Public Safety Sales Tax which was approved by voters in January 2008.

Capital Project Funds:

- Drainage Improvement Fund – accounts for revenues and expenses for the purpose of creating and/or improving drainage basins.
- Capital Improvement Fund – accounts for an increase in Municipal Court fines. Funds are to be used for capital improvements in general.
- Infrastructure Fund - accounts for various construction projects funded through interfund transfers.
- Cemetery Care Fund – accounts for cemetery fees restricted for cemetery care.
- 2013 Sales Tax Revenue Note Fund – accounts for 2013 Sales Tax Revenue Note Construction.
- Sidewalk Fund– accounts for sidewalk fees to construct new sidewalks.

Permanent Funds:

- Library Endowment Fund – accounts for funds which are restricted for library purposes.
- Cemetery Perpetual Care Fund – accounts for funds restricted for the maintenance or improvement of graves, lots, or perpetual care of the cemetery.

The governmental funds are reported on the modified accrual basis of accounting. On the modified accrual basis of accounting revenues, are recorded when earned and measurable and available to pay

current financial obligations, while expenditures are recorded when incurred and payable from current financial resources. The City defines revenue availability as collected within 60 days of period end.

The reconciliation of the governmental funds financial statements to the governmental activities presentation in the government-wide financial statements is the result of the use of the accrual basis of accounting and economic resources measurement focus at the government-wide level.

The General Fund is considered a major fund and is therefore displayed in a separate column. All other governmental funds are considered non-major funds and are aggregated under the column Other Governmental Funds. The fund balances, reported on the modified accrual basis for these aggregated non-major funds changed as follows for the year ended June 30, 2020.

**CITY OF EL RENO, OKLAHOMA  
ANNUAL FINANCIAL REPORT  
As of and for the Year Ended June 30, 2020**

---

*Proprietary Funds:*

The City's proprietary funds include:

**Enterprise Funds**

- El Reno Municipal Trust Authority Fund that accounts for the activities of the public trust in providing water, sewer, and sanitation services to the public.
- City of El Reno Hospital Authority Fund that accounts for the activities of the public trust which operates the hospital that serves the citizens of El Reno and the surrounding communities.
- El Reno Airpark Authority Fund that operates the local non-commercial airport activities.
- El Reno Recreation Authority that was established to construct and operate the municipal golf course.

**Internal Service Funds**

- Self-Insurance Workers' Comp

For purposes of the statement of revenues, expenses and changes in net position, operating revenues and expenses are considered those whose cash flows are related to operating activities, while revenues and expenses related to financing, capital and investing activities are reported as non-operating or transfers and contributions.

**Fiduciary Fund**

The City's fiduciary fund is used to report net position and changes therein of assets held by the City in a trustee or fiduciary capacity. These funds are not available for operations of the City. The City reports one type of fiduciary fund:

- Pension Trust Fund – used to account for the net position and changes therein of the El Reno Employee Retirement System (Jackson National Life Insurance Company), which was closed at the end of the year.

**Pensions**

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Oklahoma Firefighters Pension & Retirement System (FPRS), Oklahoma Police Pension & Retirement System (OPPRS), and Oklahoma Municipal Retirement Fund (OkMRF) and additions to/deductions from FPRS's, OPPRS's, and OkMRF's fiduciary net position have been determined on the same basis as they are reported by FPRS, OPPRS, and OkMRF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

*Custodial Credit Risk* – Exposure to custodial credit risk related to deposits exists when the City holds deposits that are uninsured and uncollateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the City's name; or collateralized without a written or approved collateral agreement. Exposure to custodial credit risk related to investments exists when the City holds investments that are uninsured and unregistered, with securities held by the counterparty or by its trust department or agent but not in the City's name.

The City's policy as it relates to custodial credit risk is to secure its uninsured deposits with collateral, valued at no more than market value, at least at a level of 110% of the uninsured deposits and accrued interest thereon. At June 30, 2020, the City was not exposed to custodial credit risk as defined above.

*Investment Interest Rate Risk* – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

*Investment Credit Risk* - The City is currently working with the City Attorney to revise the investment policy for adaptation during the new re-codification. The City has limited its investment choices to state law as follows:

- a. Direct obligations of the U. S. Government, its agencies and instrumentalities to which the full faith and credit of the U. S. Government is pledged, or obligations to the payment of which the full faith and credit of the State is pledged.
- b. Certificates of deposit or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.
- c. With certain limitation, negotiable certificates of deposit, prime bankers acceptances, prime commercial paper and repurchase agreements with certain limitations.
- d. County, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality or school district.
- e. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.
- f. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs a., b., c., and d.

*Concentration of Investment Credit Risk* – Exposure to concentration of credit risk is considered to exist when investments in any one issuer represent a significant percent of total investments of the City (any over 5% are disclosed). Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are excluded from this consideration. The City places no limit on the amount it may invest in any one issuer. The City has the following concentration of credit risk: 100% (or \$6,615,470 market value) invested in Federated Treasury Obligations money market accounts at Bancfirst.

*Restricted cash and Investments* – The amounts reported as restricted assets of the Statement of Net Position are comprised of amounts restricted for utility deposits, debt service, debt reserve, or construction purposes. The restricted assets as of June 30, 2020 are as follows:

|                                       | Current                  |                          |

## **8. Net Position and Fund Balances**

### *Fund Statements:*

Governmental fund equity is classified as fund balance. Fund balance is further classified as nonspendable, restricted, committed, assigned and unassigned. These classifications are defined as:

- a. Nonspendable – includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.
- b. Restricted – consists of fund balance with constraints placed on the use of resources either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or (2) laws through constitutional provisions or enabling legislation.
- c. Committed – includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the City's highest level of decision-making authority. The City's highest level of decision-making authority is made by ordinance.
- d. Assigned – includes amounts that are constrained by the City's intent to be used for specific purposes but are neither restricted nor committed. Assignments of fund balance may be made by city council action or management decision when the city council has delegated that authority. Assignments for transfers and interest income for governmental funds are made through the budgetary process.
- e. Unassigned – represents fund balance that has not been assigned to other funds and has not been restricted, committed, or assigned to specific purposes within the general fund.

It is the City's policy to first use restricted fund balance prior to the use of the unrestricted fund balance when an expense is incurred for purposes for which both restricted and unrestricted fund balance are available. The City's policy for the use of unrestricted fund balance amounts require that committed amounts would be reduced first, followed by assigned amounts and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used. The only exception to this policy is for assigned interest income in governmental funds other than the General Fund. In those funds, interest income is used first before other revenues.

The following tables show the fund balance classifications as shown on the Governmental Funds Balance Sheet:

**ANNUAL FINANCIAL REPORT**  
**As of and for the Year Ended June 30, 2020**

---

Equity is classified as net position and displayed in three components:

- f. *Net investment in capital assets* - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- g. *Restricted net position* - Consists of net position with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments, or 2) law through constitutional provisions or enabling legislation

The restrictions are as follows:

h. *Unrestricted net position* - All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

It is the City's policy to first use restricted net position prior to the use of unrestricted net position when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

## 9. Internal and Interfund Balances and Transfers

The City's policy is to eliminate interfund transfers and balances in the statements of activities and net position to avoid the grossing up of balances. Only the residual balances transferred between governmental and business-type activities are reported as internal transfers and internal balances and then offset in the total column in the government-wide statements. Interfund transfers and balances between funds are not eliminated in the fund financial statements.

### *Transfers:*

Internal transfers between funds and activities for the year ended June 30, 2020 were as follows:

| Transfer From               | Transfer To                          | Amount              | Purpose of Transfer                  |

## 10. Sales Tax

Sales tax revenue represents a 4 cents tax on each dollar of taxable sales of which is recorded as follows:

- 2 cents is recorded in the General Fund.  $\frac{1}{2}$  cent of the 2 cents is pledged for El Reno Recreational Authority debt service on golf course capital debt and  $\frac{1}{2}$  cent is pledged for the 2005 Series Sales Tax Bonds.
- 1.5 cents is recorded in the General fund and then transferred to the El Reno Municipal Authority for debt service per debt agreement.
- .25 cents is recorded in the Sales Tax  $\frac{1}{4}$  Cent Fund to be transferred to the El Reno Recreation Authority for the purpose to provide revenues for capital expenditures pertaining to recreational facilities, public works infrastructure and public health and safety facilities or for debt service in connection with obligations heretofore issued or to be issued to finance said capital expenditures.
- .25 cents is recorded in the Safety Sales Tax  $\frac{1}{4}$  Cent Fund to pay for costs pertaining to the provision of emergency services.

## 11. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employee health and life; and natural disasters. The City manages these various risks of loss as follows:

- General Liability and Physical Property – Covered through participation in Oklahoma Municipal Assurance Group risk entity pool.
- Workers' Compensation – Self-insured within limits of Oklahoma worker's compensation laws. 100% risk of loss retained.
- Employee's Group Medical – Covered through participation in Coventry.

The City's risk is transferred to the risk entity pool except for claim deductible amounts. The risk pool maintains deposits for claims reserves and other purposes for the benefit of the City. The portion of the reserves to which the City has access is reported as Deposits with Insurance Pool. Management believes the insurance coverage listed above is sufficient to preclude any significant uninsured losses to the City. Settled claims have not exceeded this insurance coverage in any of the past three fiscal years.

## **12. Commitments and Contingencies**

### *Litigation:*

The City is party to various legal proceedings which normally occur in the course of governmental operations. The financial statements do not include accruals or provisions for loss contingencies that may result from these proceedings. State statutes provide for the levy of an ad valorem tax over a three-year period by a City "Sinking Fund" for the payment of any court assessed judgment rendered against the City. These statutory provisions do not apply to the City's public trust Authorities. While the outcome of the above noted proceedings cannot be predicted, due to the insurance coverage maintained by the City and the State statute relating to judgments, the City feels that any settlement or judgment not covered by insurance would not have a material adverse effect on the financial condition of the City.

### *Federal and State Award Programs:*

The City of El Reno participates in various federal or state grant/loan programs from year to year. The grant/loan programs are often subject to additional audits by agents of the granting or loaning agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. Any liability for reimbursement which may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

### *Other Contingencies:*

The novel coronavirus ("COVID-19"), which was declared a global health emergency in January 2020 and a pandemic in March 2020, has caused significant changes in political and economic conditions around the world, including disruptions and volatility in the global capital markets. In response, the State of Oklahoma and local municipalities have taken various preventative or protective actions, such as imposing restrictions on business operations and advising or requiring individuals to limit or forgo their time outside of their homes. The City's management has considered the economic implications of the COVID-19 pandemic in making critical and significant accounting estimates included in the June 30, 2020, financial statements.

**CITY OF EL RENO, OKLAHOMA  
ANNUAL FINANCIAL REPORT  
As of and for the Year Ended June 30, 2020**

---

The extent to which the COVID-19 pandemic may impact the City will depend on future developments which are uncertain, such as the duration of the outbreak, additional governmental mandates issued to mitigate the spread of the disease, business closures, economic disruptions, and the effectiveness of actions taken to contain and treat the virus. Accordingly, the COVID-19 pandemic may have a negative impact on the City's future operations, the size and duration of which is difficult to predict. The City's management will continue to actively monitor the situation and may take further actions altering operations that the City's management determines are in the best interests of its employees and stakeholders, or as required by federal, state, or local authorities.

*Construction Commitments:*

At June 30, 2020 the City had awarded construction contracts totaling approximately \$11,778,894 and of this amount, \$7,990,874 was still outstanding.

*Asset Retirement Obligation:*

The City has incurred certain asset retirement obligations related to the operation of its wastewater utility system. The estimated liability of the legally required closure costs for the wastewater utility system cannot be reasonably estimated as of June 30, 2020, since the specific legally required costs of retirement have not yet been identified. The City anticipates identifying those specific legally required costs and obtaining an estimate of those costs in the subsequent fiscal year.

### **13. Pension Plan Participation**

The City of El Reno participates in three pension or retirement plans:

- Oklahoma Firefighter's Pension and Retirement System (OFPRS) – a statewide cost-sharing plan
- Oklahoma Police Pension and Retirement System (OPPRS) – a statewide cost-sharing plan
- Oklahoma Municipal Retirement Fund – an agent multiple-employer defined benefit plan

*Firefighters' Plan:*

**Plan description** - The City of El Reno, as the employer, participates in the Firefighters Pension & Retirement—a cost-sharing multiple-employer defined benefit pension plan administered by the Oklahoma Firefighters Pension & Retirement System (FPRS). Title 11 of the Oklahoma State Statutes grants the authority to establish and amend the benefit terms to the FPRS. FPRS issues a publicly available financial report that can be obtained at [www.ok.gov/fprs](http://www.ok.gov/fprs)

**Benefits provided** - FPRS provides defined retirement benefits based on members' final average compensation, age, and term of service. In addition, the retirement program provides for benefits upon disability and to survivors upon death of eligible members. The Plan's benefits are established and amended by Oklahoma statute. Retirement provisions are as follows:

Normal Retirement:

- Hired Prior to November 1, 2013

**CITY OF EL RENO, OKLAHOMA  
ANNUAL FINANCIAL REPORT  
As of and for the Year Ended June 30, 2020**

---

Normal retirement is attained upon completing 20 years of service. The normal retirement benefit is equal to 50% of the member's final average compensation. Final average compensation is defined as the monthly average of the highest 30 consecutive months of the last 60 months of participating service. For volunteer firefighters, the monthly pension benefit for normal retirement is \$150.60 per month.

- **Hired After November 1, 2013**

Normal retirement is attained upon completing 22 years of service. The normal retirement benefit is equal to 55% of the member's final average compensation. Final average compensation is defined as the monthly average of the highest 30 consecutive months of the last 60 months of participating service. Also participants must be age 50 to begin receiving benefits. For volunteer firefighters, the monthly pension benefit for normal retirement is \$165.66 per month.

All firefighters are eligible for immediate disability benefits. For paid firefighters, the disability in-the-line-of-duty benefit for firefighters with less than 20 years of service is equal to 50% of final average monthly compensation, based on the most recent 30 months of service. For firefighters with over 20 years of service, a disability in the line of duty is calculated based on 2.5% of final average monthly compensation, based on the most recent 30 months, per year of service, with a maximum of 30 years of service. For disabilities not in the line of duty, the benefit is limited to only those with less than 20 years of service and is 50% of final average monthly compensation, based on the most recent 60-month salary as opposed to 30 months. For volunteer firefighters, the not-in-the-line-of-duty disability is also limited to only those with less than 20 years of service and is \$7.53 per year of service. For volunteer firefighters, the in-the-line-of-duty pension is \$150.60 with less than 20 years of service or \$7.53 per year of service, with a maximum of 30 years.

A \$5,000 lump sum death benefit is payable to the qualified spouse or designated recipient upon the participant's death. The \$5,000 death benefit does not apply to members electing the vested benefit.

**Contributions** - The contributions requirements of the Plan are at an established rate determined by Oklahoma Statute and are not based on actuarial calculations. Employees are required to contribute 9% percent of their annual pay. Participating cities are required to contribute 14% of the employees' annual pay. Contributions to the pension plan from the City were \$316,983. The State of Oklahoma also made on-behalf contributions to FPRS in the amount of \$734,557 during the calendar year and this is reported as both expense and revenue in the General Fund Statement of Revenues, Expenditures, and Changes in Fund Balance. In the government-wide Statement of Activities, revenue is recognized for the state's on-behalf contributions on an accrual basis of \$711,018. These on-behalf payments did not meet the criteria of a special funding situation.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions** - At June 30, 2020, the City reported a liability of \$7,387,488 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019. The City's proportion of the net pension liability was based on the City's contributions received by the pension plan relative to the total contributions received by pension plan for all participating employers as of June 30, 2019. Based upon this information, the City's proportion was 0.699132 percent.

For the year ended June 30, 2020, the City recognized pension expense of \$1,404,356. At June 30, 2020, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

The \$316,983 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

|              |                     |
|--------------|---------------------|
| 2021         | \$ 450,868          |
| 2022         | 146,833             |
| 2023         | 276,339             |
| 2024         | 193,117             |
| 2025         | 23,752              |
| <b>Total</b> | <b>\$ 1,090,909</b> |

**Actuarial Assumptions**- The total pension liability was determined by an actuarial valuation as of July 1, 2019, using the following actuarial assumptions, applied to all prior periods included in the measurement:

|                            |   |
|----------------------------|---|
| Inflation:                 | 2.75%                                       |
| Salary increases:          | 2.75% to 10.5% average, including inflation |
| Investment rate of return: | 7.5% net of pension plan investment expense |

Mortality rates were based on the Pub-2010 Public Safety Table, with adjustments for generational mortality improvement using scale MP-2018 for healthy lives and no mortality improvement for disabled lives.

The actuarial assumptions used in the July 1, 2019, valuation was based on the results of an actuarial experience study for the period July 1, 2013, to June 30, 2018.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset

**CITY OF EL RENO, OKLAHOMA  
ANNUAL FINANCIAL REPORT  
As of and for the Year Ended June 30, 2020**

---

class included in the pension plan's target asset allocation as of June 30, 2019, are summarized in the following table:

| <u>Asset Class</u>   | <u>Target Allocation</u> | <u>Long-Term Expected Real Rate of Return</u> |
|----------------------|--------------------------|---|
| Fixed income         | 20%                      | 4.90%   |
| Domestic equity      | 47%                      | 7.09%   |
| International equity | 15%                      | 9.19%   |
| Real estate          | 10%                      | 7.99%   |
| Other assets         | 8%                       | 5.57%   |

**Discount Rate**- The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, determined by State statutes. Projected cash flows also assume the State of Oklahoma will continue contributing 36% of the insurance premium, as established by statute. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the Net Pension Liability to Changes in the Discount Rate**- The following presents the net pension liability of the employers calculated using the discount rate of 7.5%, as well as what the Plan's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.5%) or 1-percentage-point higher (8.5%) than the current rate:

|                                  | 1% Decrease<br>6.5% | Current Discount<br>Rate 7.5% | 1% Increase<br>8.5% |
|----------------------------------|---------------------|-------------------------------|---------------------|
| Employers' net pension liability | \$ 9,539,335        | \$ 7,387,488                  | \$ 5,024,566        |

**Pension plan fiduciary net position** - Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report of the FPRS which can be located at [www.ok.gov/FPRS](http://www.ok.gov/FPRS) .

**Police Plan:**

**Plan description** - The City of El Reno as the employer, participates in the Oklahoma Police Pension and Retirement Plan—a cost-sharing multiple-employer defined benefit pension plan administered by the Oklahoma Police Pension and Retirement System (OPPRS). Title 11 of the Oklahoma State Statutes, through the Oklahoma Legislature, grants the authority to establish and amend the benefit terms to the OPPRS. OPPRS issues a publicly available financial report that can be obtained at [www.ok.gov/OPPRS](http://www.ok.gov/OPPRS)

**Benefits provided** - OPPRS provides retirement, disability, and death benefits to members of the plan. The normal retirement date under the Plan is the date upon which the participant completes 20 years of credited service, regardless of age. Participants become vested upon completing 10 years of credited service as a contributing participant of the Plan. No vesting occurs prior to completing 10 years of credited service. Participants' contributions are refundable, without interest, upon termination prior to normal retirement. Participants who have completed 10 years of credited service may elect a vested benefit in lieu of having their accumulated contributions refunded. If the vested benefit is elected, the participant is entitled to a monthly retirement benefit commencing on

the date the participant reaches 50 years of age or the date the participant would have had 20 years of credited service had employment continued uninterrupted, whichever is later.

Monthly retirement benefits are calculated at 2.5% of the final average salary (defined as the average paid base salary of the officer over the highest 30 consecutive months of the last 60 months of credited service) multiplied by the years of credited service, with a maximum of 30 years of credited service considered.

Monthly benefits for participants due to permanent disability incurred in the line of duty are 2.5% of the participants' final average salary multiplied by 20 years. This disability benefit is reduced by stated percentages for partial disability based on the percentage of impairment. After 10 years of credited service, participants who retire due to disability incurred from any cause are eligible for a monthly benefit based on 2.5% of their final average salary multiplied by the years of service. This disability benefit is also reduced by stated percentages for partial disability based on the percentage of impairment. Effective July 1, 1998, once a disability benefit is granted to a participant, that participant is no longer allowed to apply for an increase in the dollar amount of the benefit at a subsequent date.

Survivor's benefits are payable in full to the participant's beneficiary upon the death of a retired participant. The beneficiary of any active participant killed in the line of duty is entitled to a pension benefit.

**Contributions** - The contributions requirements of the Plan are at an established rate determine by Oklahoma Statute and are not based on actuarial calculations. Employees are required to contribute 8% percent of their annual pay. Participating cities are required to contribute 13% of the employees' annual pay. Contributions to the pension plan from the City were \$295,606. The State of Oklahoma also made on-behalf contributions to OPPRS in the amount of \$273,577 during the calendar year and this is reported as both expense and revenue in the General Fund Statement of Revenues, Expenditures, and Changes in Fund Balance. In the government-wide Statement of Activities, revenue is recognized for the state's on-behalf contributions on an accrual basis of \$263,939. These on-behalf payments did not meet the criteria of a special funding situation.

**Net Pension Liability (Asset), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions** - At June 30, 2020, the City reported an asset of \$42,594 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2019, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of July 1, 2019. The City's proportion of the net pension asset was based on the City's contributions received by the pension plan relative to the total contributions received by pension plan for all participating employers as of June 30, 2019. Based upon this information, the City's proportion was 0.6672 percent.

For the year ended June 30, 2020, the City recognized pension expense of \$508,340. At June 30, 2020 the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|   | Deferred Outflows<br>of Resources | Deferred Inflows<br>of Resources |
|---|-----------------------------------|----------------------------------|
| Differences between expected and actual experience  | \$ 25,562                         | \$ 201,107                       |

The actuarial assumptions used in the July 1, 2019, valuation was based on the results of an actuarial experience study for the period July 1, 2012, to June 30, 2017.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2019, are summarized in the following table:

| <u>Asset Class</u>   | <u>Long-Term Expected<br/>Real Rate of Return</u> |

ANNUAL FINANCIAL REPORT  
As of and for the Year Ended June 30, 2020**

The current allocation policy is that approximately 60% of assets in equity instruments, including public equity, long-short hedge, venture capital, and private equity strategies; approximately 25% of assets in fixed income to include investment grade bonds, high yield and non-dollar denominated bonds, convertible bonds, and low volatility hedge fund strategies; and 15% of assets in real assets to include real estate, commodities, and other strategies.

**Discount Rate**-The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, determined by State statutes. Projected cash flows also assume the State of Oklahoma will continue contributing 14% of the insurance premium, as established by statute. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the Net Pension Liability (Asset) to Changes in the Discount Rate**- The following presents the net pension liability (asset) of the employers calculated using the discount rate of 7.5%, as well as what the Plan's net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage point lower (6.5%) or 1-percentage-point higher (8.5%) than the current rate:

**Pension plan fiduciary net position** - Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report of the OPPRS; which can be located at [www.ok.gov/OPPRS](http://www.ok.gov/OPPRS) .

*Employee Plan:*

**Plan Description**-The City contributes to the OkMRF for all eligible employees except for those covered by the Police and Firefighter Pension Systems. The plan is an agent multiple employer - defined benefit plan administered by OkMRF. The OkMRF plan issues a separate financial report and can be obtained from OkMRF or from their website: [www.okmrf.org/reports.html](http://www.okmrf.org/reports.html). Benefits are established or amended by the City Council in accordance with O.S. Title 11, Section 48-101-102.

**Summary of Significant Accounting Policies**- For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City's plan and additions to/deductions from the City's fiduciary net position have been determined on the same basis as they are reported by OkMRF. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value based on published market prices. Detailed information about the OkMRF plans' fiduciary net position is available in the separately issued OkMRF financial report.

**Discount Rate** – The discount rate used to value benefits was the long-term expected rate of return on plan investments, 7.50% since the plan's net fiduciary position is projected to be sufficient to make projected benefit payments.

The City has adopted a funding method that is designed to fund all benefits payable to participants over the course of their working careers. Any differences between actual and expected experience are funded over a fixed period to ensure all funds necessary to pay benefits have been contributed to the trust before those benefits are payable. Thus, the sufficiency of pension plan assets was made without a separate projection of cash flows.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation (2.75%). Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of July 1, 2019 are summarized in the following table:

**Changes in Net Pension Liability**- The total pension liability was determined based on an actuarial valuation performed as of July 1, 2019 which is also the measurement date. The total pension liability and the plan net position does not include the fully funded liability of the group annuity contract. There were no changes in assumptions or changes in benefit terms that affected measurement of the total pension liability. There were also no changes between the measurement date of July 1, 2019 and the City's report ending date of June 30, 2020, that would have had a significant impact on the net pension liability. The following table reports the components of changes in net pension liability:

**Benefits provided** – The Plan covers all current retirees of the City and provides for employee and dependent healthcare coverage from the date of retirement to life, provided the participant was covered by the Plan before retiring. The City provides postretirement medical benefits through the Plan if the retiree and spouse pay the full active premium. Participants can elect to medical, dental and vision.

**Employees covered by benefit terms** - At June 30, 2020 the following employees were covered by the benefit terms:

|   |                   |
|---|-------------------|
| Active Employees  | 137               |
| Inactives or beneficiaries currently receiving benefit payments | <u>6</u>          |
| Total   | <u><u>143</u></u> |

**Total OPEB Liability** – The City's total OPEB liability of \$1,634,025 was measured as of June 30, 2019, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions- The total OPEB liability was determined based on an actuarial valuation prepared as of June 30, 2019 using the following actuarial assumptions:

- Actuarial Cost Method - Entry Age Normal Level Percentage of Pay
- Discount Rate – 3.50% and 3.87%, based on June 30, 2019 and June 30, 2018 published Bond Buyer 20-Bond General Obligation Index Rate

## 15. Use of Estimates

Certain estimates are made in the preparation of the financial statements, such as estimated lives for capital assets depreciation. Estimates are based on management's best judgments and may vary from actual results.

## **16. New Accounting Pronouncements Adopted**

In May of 2020, GASB issued Statement No. 95, Postponement of the Effective Dates of Certain Authoritative Guidance. The primary objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. That objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018, and later.

## 17. Subsequent Event

In August of 2020, the El Reno Municipal Authority issued the Sales Tax Revenue Note Series 2020 in the amount of \$10,000,000. This note will be used to finance certain capital expenditures pertaining to recreational facilities, public works infrastructure, and/or public health and safety facilities.

**Footnotes to Budgetary Comparison Schedules:**

1. The budgetary comparison schedule is reported on a non-GAAP budgetary basis that report revenues and expenditures on a modified cash basis. For budgetary purposes expenditures are recorded in the period the invoice is received, except for payroll expenditures that are recorded when paid.
2. The legal level of appropriation control is the department level within a fund. Transfers of appropriation within a fund require the approval of the City Manager. All supplemental appropriations require the approval of the City Council. Supplemental appropriations must be filed with the Office of the State Auditor and Inspector.

**Footnotes to Schedule of Expenditures of State Awards:**

1. The Schedule of Expenditures of State Awards is prepared on the accrual basis of accounting. The expenditures are recorded when the liability is incurred regardless of when the award proceeds are received.
2. The City has not been notified of any noncompliance with state award requirements. Any liability for reimbursement which may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND  
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable Mayor and Members of the City Council  
City of El Reno, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of El Reno, Oklahoma (the "City"), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 22, 2020.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
